

Reaching Out To Our Community

Dear Neighbour,

In these unprecedented times, we are calling on all residents to look out for each other.

As the Government recommends, if your neighbours are required to stay at home please check with them to see if they need support.

If you are in that category yourself, don't hesitate to ask for help - whether it's with shopping, fuel delivery, collecting medicines or any other necessities of daily life.

Your Residents Association is here to help. You can get in touch with any of following committee members:

- Diarmuid MacMahon
- Karen de Veale
- Rachel Crean
- Cathriona McLoughlin
- Brendan Gormley

or drop a line through [balally.com/contact-us](https://www.balally.com/contact-us) or www.facebook.com/balallyres

Please abide by all advice from the Government and HSE: Staying at home, Social Distancing, Not having visitors etc. It is really important!

You will find some very useful advice from the Government on giving or receiving community support at [balally.com/coronavirus](https://www.balally.com/coronavirus).

We also encourage residents to answer the Government's Community Call initiative if you want to help further - please visit [gov.ie](https://www.gov.ie) if you are in a position to volunteer.

Stay Safe, Everyone!

Balally Residents Association
